Patty DeJarnette
630 LC Carr Road
Bowling Green, KY 42101

Dear Ms. DeJarnette,

In response to your letter of July 15, 2005, to the Commission and our phone call of August 8, 2005, I am sending you a map of the route of the proposed transmission line. I have enclosed a CD with a pdf file of the map, which was part of EKPC's application to the Commission. This is Exhibit 12-01 of Case 2005-00207, Application of East Kentucky Power Cooperative, Inc., for a Certificate of Public Convenience and Necessity for the Construction of a 161 kV Electric Transmission Line in Barren, Warren, Butler, and Ohio Counties, KY.

Please abide by the following use constraints for the PDF files: *"The user should understand that since September 11, 2001, location data of critical utility structures is considered sensitive information for security reasons. Users shall not publish this map or any part of it on the World Wide Web. Users shall not redistribute this map to others, but shall refer requests by others for such information to the Kentucky Public Service Commission."*

If you have any difficulty using the PDF file, please contact me at rarowles@ky.gov or (502) 564-3940.

Sincerely,

Ruth A. Rowles
GIS Manager
